**Address:** Maple Grove Medical Center  
9855 Hospital Dr. Suite #10

Free surface parking is available. The clinic is located in the same building as the Maple Grove Hospital, just on the other end. When facing the hospital the entrance door is the furthest to the left. Look

for the red “Urgent Care” sign directly above the door. It is not the Emergency Room entrance. Walking in, patients will see the pharmacy. Take the elevators directly behind the information desk (which is just to the right of the pharmacy) down to the Lower Level and the clinic is directly to the right when exiting the elevators. This is the only clinic on the lower level.
